**Subject:** cyclone (hurricane), building project, & missions team

Dear Friends,

Please pray for the following...

1. We are experiencing a cyclone here in Samoa. We are all safe and sound here in Asau and the worst seems to be past for us, but I am not sure about the next island over in American Samoa (we are the farthest west in our chain of islands and the cyclone has traveled west to east all day).
2. Please pray for our missions team from American Samoa. They are scheduled to come on Saturday and are planning to do two things here - a VBS and laying the foundation and pouring the floor for our new building. Let's pray that the cyclone does not interfere with those plans and for blessings on both aspects of the missions trip.
3. Please pray for our excavator to be able to come tomorrow and Saturday. It was supposed to come today but was preveneted due to the cyclone. Please also pray for the big truck that is bringing our loads of sand for the cement. They also were supposed to do all that today but were prevented. This all needs to be done in time for the work to start on Monday while our team from American Samoa is here.

Time for us all to pray to the one Whom even the wind and sea obey.

We appreciate you folks so much.

**Jim & EmiCivale**
