Dear Praying Pastors, Friends and Family,

After completing our 6 month furlough and saying goodbye to family and friends, that part never gets any easier, we boarded our flight back to Romania January 3rd. After arriving home we were hit with a snow storm and blizzard that same evening. We are praising the Lord for his traveling mercies because if we had been any later we could have gotten stranded at the airport or half way back along the Interstate. Brenda and I are glad to be back and have hit the ground running, and are looking forward to the Lord's blessings on the ministry this year.

What a mighty God we serve! A few months before returning to Romania from the States we had gotten the news that "Tina's House" would not pass fire codes because we had applied the fire-retardant solution ourselves and not by a licensed company. Our first response was our hearts hitting the floor because we were told that all the dry-wall would have to come down and then the solution re-applied. Moments later the Lord gave us a perfect peace that all would be well. After much prayer by us and many others, research, calling and quotes given we are praising the Lord for answered prayer. We have found a company that has a "solution" with the lowest price of \$8000.00 (\$6000.00 still needed). The price also includes all the governmental paper work, 19% sales tax, certificates, and wood samples taken for fire testing in Bucharest.

Water company & contractor meeting

We have a few other challenges that we are also needing prayer for:

- 1) Our well is running dry and fire codes also require we have a fire hydrant.
Option one: Pay the water company to bring in a 6 inch water line from the main road to supply the home and fire hydrant.
Option two: Drill a new well with a large underground storage tank, pump, and fire hydrant.
- 2) Install a digital fire alarm system in the home by a company.
- 3) Detailed electrical and plumbing & heating drawings done by an architect.

We are in the process of getting quotes to see which options will work best. These trials and financial needs are far more than what we ever expected, but as we are reminded in Scripture our Lord owns the "cattle upon a thousand hills" and He is able and willing to meet every need. We would appreciate your prayers for the Lord's wisdom and provisions in these matters.

Mihaela and Brenda have been working hard in the office every day to get all the office legalities researched, typed and printed in preparation to present them to the various governmental agencies. One would think this to be an easy task, but there are regulations for just about everything including how to wash and dry the dishes. It is a daily reminder to Brenda and I that we aren't in the States doing this where things move at a different pace. We are anxiously working hard to open "Tina's House" to begin reaching these unwed mothers for Christ and to see Him work in their hearts and lives. *Ecclesiastes 3:11 "He hath made every thing beautiful in his time: so that no man can find out the work that God maketh from the beginning to the end."* Trusting in HIS TIMING!

Brenda and Mihaela

Your continued prayers are so appreciated for us personally and the ministry here in Romania.

In Christ's Service
Keith & Brenda Price

"Please designate and send donations to our mission office listed below and made out to "BIBM" .
