Dear Friends in Christ:

Happy to be back with you once again and share the good news that He has really blessed us by allowing us to be in some good churches. This past Sunday was the best visible result that we have seen in a long, long time. I spoke twice in the morning and people were saved in both services and many were baptized at the end of the second service. It was one of those Ephesians 3:20 days. We were encouraged and humbled to see His hand of mercy extended in our presence.

In April, I said that Bonnie had a heart issue (A fib), Well, we have figured out that she only had one documented experience of Afib and now we are confident that is not her problem, after months of the wrong medicine and all those side effects, we are trying to get to the bottom of this and get the proper medication prescribed and in particular eliminate the unnecessary prescriptions. We appreciate your prayers and hopefully in the next letter we will be able to report that this episode is behind us.

Please be assured that we never forget or take for granted the important position that you have in our life. You are our “rope holders” and that helps keep our life balanced.

In Christ,

Ed Gibson
