Dear Praying Pastors, Friends and Family,

Colossians 3:15 says **“And let the peace of God rule in your hearts, to the which also ye are called in one body; and be ye thankful.”** As we reflect upon the time since our last newsletter we have many blessings to share with you and **Praise the Lord** for.

1. The Lord made provisions for us to get the majority of the fire codes in Tina's House updated. We thank Eric Joss with TMC for coming in August for three weeks to help. We still need to lay down gravel for the 2nd firetruck driveway, but everything else is done and we are now in the process of updating the paperwork to be turned into the fire department. **Praise the Lord** for providing the funds and the help.

2. We were able to take a 7 week furlough in Oct.-Nov. While on this furlough we had the joy of celebrating Brenda's mom 80th birthday with friends and family, spend some time with our siblings, took some time to relish in spending time with our children, and welcomed our first grandchild into the world. As many know, a couple of our children were estranged from us for several years and during this furlough relationships were restored and wounds began their healing! **Praise the Lord** for this time of healing.

3. While Stateside we also had some routine CT heart scans. While Brenda's scan showed a healthy heart, we learned of some other issues I was having and wasn't aware of. Not with my heart, but with my lungs. We were able to speak to our Stateside family doctor for some recommendations on treatment and now have an appointment with a specialist in Romania. **Praise the Lord** for these routine tests!

4. We both were needing new computers. Mine was a dinosaur-as described by many and Brenda's had issues that we tried to repair 3 different times unsuccessfully. Brenda began praying for \$500 to go towards a new laptop while Stateside and the Lord answered quickly for this desire. We both were able to purchase new laptops while Stateside! **Praise the Lord** for needs being met.

5. While we were still Stateside we received news that we had a water pipe break in our home, it flooded the upstairs bathroom which led to the collapse of the ceiling in the living room. So much damage was done which we have yet to repair, but we are so thankful that we had people near who discovered the problem, and friends who went right to work cleaning up the mess, tore out all the water damaged drywall & flooring in 5 different rooms. Until we have the funds to repair the rooms we do have a guest room & bath we are able to use, the kitchen is still intact, and a blanket now covers the cement floor in the living room. **Praise the Lord** it was found before more damage was done and we had friends there to help during our absence.

6. A week after we arrived back into Romania Irina decided it was time to get her own place and find a job. We were fortunate to have her for a whole 3 months, witness to her and help to be a stepping stone to becoming independent. She has promised to stay in contact as we continue to pray for her and her children. **Praise the Lord** for opportunities to share God's love!
