

World Wide New Testament Baptist Missions

assisting churches since 1971

August 2008

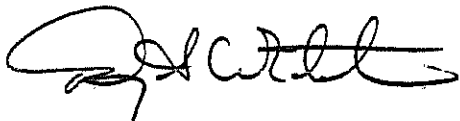

Dear Faithful Friends,

Today we arrived in Delta Junction, Alaska. We quickly checked in at the Green Acres RV Park, and then prepared to have dinner with Ernie and Nancy Wyrick. They have been missionaries here for a number of years now. If your contribution to the office of World Wide New Testament Baptist Mission only helped this one family it would be worth it! However, your gift has helped more than eighty families like the Wyricks. What an amazing investment to God's glory. We cannot thank you enough for standing with us in our quest to serve these faithful servants of Christ.

For more than twenty-three years I have labored with this mission. I have never been more proud of the missionaries that we serve, and I have never been more confident of the leadership of this ministry. Dr. John O'Malley labors tirelessly as the General Director. He is always available to meet the needs of missionaries and pastors alike. The course of WWNTBM has long been set, and Brother O'Malley is determined to maintain the solid fundamentalist position that our founder and board members have agreed on through years of faithful mission work.

I trust that the Lord will bless your ministry continually, and that you will remember to pray for World Wide missionaries and leaders. It is our sincere desire to serve churches and the missionaries that God has called through them.

In His Service,

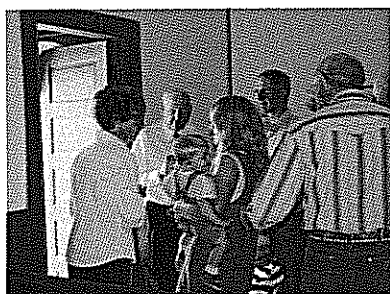

Danny A. Whetstone

**WORLD WIDE NEW TESTAMENT BAPTIST MISSION
P.O. BOX 725
KINGS MOUNTAIN, NC 28086**

Darleen and I left Kings Mountain on the eleventh of July. We are spending almost a month in Montana and Colorado. I am preaching in a few churches, and we are visiting others to give the pastor some

information on World Wide New Testament Baptist Mission. Hopefully when our missionaries call the pastor he will have a point of reference.

I just received some information from Missionary Edgar Feghaly concerning a conference in the Middle East next May. I want to share this information with you now with the hope that many will make plans to visit this very important part of the world.

The conference will be in Lebanon, and then travel on to Syria and Jordan to visit churches and historical sites. The trip will include the ancient city of Tyre and

Biblos, as well as Petra, Mount Nebo and the Dead Sea. More importantly you will meet many wonderful believers that are serving Christ in this very difficult region of the world. The trip will take place on May 16-28, 2009. The cost will be around \$3400, and will include airfare, ground transportation, three meals a day and sightseeing. Please make this a matter of prayer. It is especially important that pastors from the States should meet the men serving Christ in these countries.

If you have any questions please feel free to contact me. If I do not have the answers I will get in touch with Brother Feghaly. He will be in the Middle East almost all summer.

There are some great needs across Montana, but I have been blessed to see the good works that our Lord has established through faithful men. Some of these works have been laboring for many years, but many are in the early stages of development. You would think that with all of the open land purchasing property would be rather inexpensive. However, that is not the case at all. It makes it very difficult for these small groups to buy enough land to build a church.

I have met other men that are on deputation to come to the West in church planting ministries, but many more are needed. Let's pray that the Lord of the harvest will call others for this very important task. In some areas men will have to start several small works because the people are so scattered.
