

November 29, 2010

Dear Ministry Partners,

Christmas is right here and as I look back over 2010, I am amazed at just how gracious God has been to us this year. As I look at 2011, I am amazed at how gracious God is in allowing us to take the work of His Ministry into many parts of the world. With all the uncertainty around us, we are certain of His calling and direction of the work, but what avenues we have to take to get it done is another matter. So, onward in Jesus Name to where ever He directs our going, staying or coming; to Him be all glory. I love it when a plan comes together!

Let me encourage you to pray and pray hard for the government of Paraguay to grant us a radio frequency that will allow us to broadcast God's Word to a prospective 25,000 people that have little knowledge of the Scriptures or of salvation. This is only going to be attained with prayers of God's people, so please pray with us concerning this urgent matter. We will be approaching the government early next year for this frequency and only God can grant it. I realize the King's heart is in the hand of God and for this reason, we pray with anticipation and excitement.

Christmas 2010 is a banner time in our life. Christine and I want to wish each of you a very glorious Christmas and a wonderful new year! You have made our year a good one for the cause of Jesus Christ and never let it be said or thought that we did not appreciate every cent that was given to us and to the mission. We could not open the doors of this work without each of you! As we look to 2011, we do so with great anticipation of God's power and might in our work for Him! For 15 years we have been attacking the strong holds of Satan in missions and God has permitted us to do some great things, but I think the greatest is yet to come!

The future is bright because the Light of the World is approaching this dark world and we must be very busy and active in His work. Souls are perishing and many are waiting for His Word to come to them and we have the burden, the desire and the call of God to get it done. With your continued help, we will accomplish the task at hand and spread the gospel to as many as want to hear. Pray for our health and well being as we continue the work right on into 2011 with no hesitation or delay.

Merry Christmas and a Glorious New Year to each of you!

*Jerry & Christine Mullendore*
