

World Wide New Testament Baptist Missions

assisting churches since 1971

February 2013

Dear Faithful Friends,

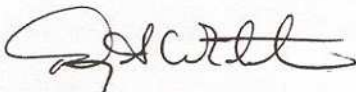

Your continued support of the office of World Wide New Testament Baptist Missions is a great blessing to all of us involved with this ministry. Actually, we have a very small number of churches that support the General Fund of World Wide, but we are grateful for every one of you. Would you pray with us that others would see the need for supporting this service organization? Every gift helps to relieve the burden of more than a hundred missionary families. Even if the monthly gift was only ten dollars a month, it would be a great help. Expenses are forever on the increase, and praise the Lord the mission family continues to grow.

Brother O'Malley and the the office staff do a commendable job of finding money-saving ways of getting the job done, but there is a limit to what they can do. We want to serve you and your missionaries to the best of our ability.

In 1971, the Lord led Pastor Bill Wingard to start World Wide. His burden was to reach the Islands of Micronesia. My wife and I are now on a trip to visit the missionaries serving with this mission in these beautiful islands scattered across the Pacific Ocean. I am constantly reminded of the blessings of the Lord over the years. Many more doors of service have opened to us, and our sights are set on even more in the future. Your prayers and financial support will be a tremendous help in the days to come.

May our Lord bless you abundantly for your kindness to World Wide New Testament Baptist Missions.

In His Service,

Danny A. Whetstone
