Dear Pastor and Friends,

In our last newsletter I asked everyone to pray about my need of a knee replacement. Well, the Lord has answered mine and your prayers. On June 6<sup>th</sup> I was admitted to Park West Hospital in Knoxville, TN and Dr. Harold Cates along with his team, replaced my left knee. Dr. Cates said the knee was completely ruined and because of that the recovery will take longer than expected. It's been a rough six weeks, but I'm making progress and I can even get along with just a cane now, AMEN!!! Next week I will return to the doctor's office to determine if I need additional surgery to break up the scar tissue. Please, pray with me that this will not be necessary.

The devil works on discouraging you in times like these, but the Lord sent great news to lift my spirits. Bro. Keith Davidson oversees the Seedline Ministry in Indiana. Over the years their ministry has supplied us with tracts and thousands of John & Romans. I received a call from him about three weeks ago and he asked if I needed some Cebuano and Illongo material. I told him his timing was perfect, we were completely out of both. Seedline is going to provide both John and Romans, plus he could also get me tracts to fill a twenty foot container. Needless to say, I was excited and thanked the Lord. Then I remembered I'm not going to be preaching in any churches for the next two months and I have zero money in the ministry account. Boy oh boy, what he told me next put me on shouting ground. He told me that Seedline had money to cover the shipping cost and custom fees. All I needed to do was raise the money for transportation fees between the islands. Well now isn't God good!!!! I said Amen and Amen to that, he knows just what we need, and He sends it along at just the right time.

There are souls that need the gospel and this material will help us get the good news to them in their language. Pray with me as I'll be looking for a new location to store all the material when we get back.

Prayer Request:

1. The need of a good used SUV to haul material and work in the mountains.
2. New housing in Bacolod City.
3. Red Ribbon for 9G Visa, plus the cost for the visa has increased greatly.
4. Complete recovery on my left knee.

Because of Him,
