

Serving U.S. Military Families in Japan

THE MCKITTRICK FAMILY

ENJOY TIMES VOL. 19 JAN – FEB 2016

Dear Pastor, Church and Friends,

We held a special "Soul Winning 101" class every Tuesday evening during February. The goal was to train our people to be soul conscious and to teach them how they could lead someone to Christ. We had classroom instruction and role-playing with different scenarios we all face when trying to witness. One night, I simply went over the "Roman's Road" to which one attendee said, "And that's why I am in the class!" Praise the LORD he got what he was looking for!

The other day I was driving to the "Chicken Shack," a street side Japanese "hole-in-the-wall" restaurant, to pick up some fried chicken and rice for lunch. The "Chicken Shack" is a favorite off-base lunch spot for those stationed on Yokota Air Base. I was praying that I would have the opportunity to share the gospel to any airmen standing underneath the dingy yellow awning marking the restaurant. Sure enough, as I pulled up in my van, I saw two airmen, in uniform, waiting for their chicken. I introduced myself and began to witness to them about the Lord and His salvation. One young man was from Hawaii. He said he was Catholic but non-practicing. The other young man was from Minnesota. He was quite standoffish about the whole thing. Both admitted believing in heaven and hell, but both were unsure as to which place would be their eternal abode. I briefly shared my testimony and the gospel that Jesus Christ saves! Orders were up and off we went. However, I am again reminded that the gospel message so familiar to me is so foreign to many! Please continue to pray as we try to spread the gospel to those in uniform.

Though we cannot preach/witness/pass out tracts on base, I am happy to report that the gospel is still going out in other ways! One of our Sunday School teachers, an Air Force Senior Master Sergeant (E-8), developed a new base program designed to reward good troops.

The reward is to get to stand up in front of the entire base leadership and present three power-point slides about himself, as a way of recognition for doing such a good job. Well, the SMSgt who designed the program was the guinea pig and had to be the first to demonstrate it to the wing leadership. His first slide had a picture of the cross! He elaborated, IN FRONT OF THE ENTIRE WING STAFF, his personal testimony of trusting Christ as his Saviour! Amen right there!

Thank you again for all your sacrifices and labors of love. We are eternally grateful to be your missionaries to the US Military in Japan.
