June 2018

Dear Praying Pastors, Friends and Family,

Church Room

“Biserica Baptista Harul” (Grace Baptist Church) - Praising the Lord that our church has been able to go back into the newly refurbished church room with around 10 in attendance. New flooring was laid, the walls needed a new paint coat as well as the trim, the bathroom got tiled and a venting system installed. **Our Ladies Bible Study Group** is doing well. We have an average of eight women who come every Friday afternoon. The ladies in our village are hungry for something to do and are in much need of Christian encouragement through each other and God's Word. We study God's Word, take time to pray for one another, sing

Echoes of Encouragement

some hymns, enjoy a light snack and either do a game, craft or activity. We have one lady, Nina, coming that isn't allowed to come to church on Sunday. She is not a Christian, although I have shared the Gospel with her and given her things to read. Our concern for Nina is that she has been battling stage four bone cancer for quite a few years and spending more time in the hospital than out these days. We know her days are numbered and yet she isn't spiritually ready yet. Out of all our prayer request for funds, church, Tina's House, etc. our greatest right now is Nina – that she would come to know the Lord before it is too late.

Nina

Tina's House: We have stepped out on faith and hired two more employees that are required by law. Eleni is now our Psychologist and House Mother. She is a very loving and caring person and has already shown to be a great asset to the ministry. The other is, Roxana who is now our Nurse. She has a very sweet and warm personality and we have no doubt she too will be a great asset to our team of professionals. It's a huge and sometimes scary responsibility to have employees that depend upon us for their monthly paychecks, but we know God will supply all our needs! We have signed collaboration contracts with three more required people/agencies: We found a wonderful and caring female doctor. She has agreed to be a resident doctor who will come to the home and care for the mothers if there is a need. Our Mayor, has agreed to help us and even to keep our road snow-plowed during the winter months. And our Chief of Police was happy to sign a contract with us. In return we have agreed to help out any mothers with children that may be in need of emergency housing due to domestic violence.

Eric Joss-TMC Director

Eric Joss with Master's Craftsmen has agreed to fly here July 18th and help Keith for 3 weeks putting in the fire doors, windows, support beams, exit lighting, and 2nd gravel driveway & gate that the fire department requires. We could not be more grateful for this man's help and his many team members through the years. He has been the main builder for Tina's House since her conception. We are also in the process of hiring a company to install the needed digital fire alarm & surveillance systems, fire extinguishers, and evacuation plans. After this work is finished we can apply for the occupancy permit to open the doors for operation. We would also like to thank everyone that has helped financially towards these building needs and operating expenses. The Lord continues to provide through His people. Phil. 4:19 *“But my God shall supply all your need according to his riches in glory by Christ Jesus”*.

Family News: In October we plan on flying back to the States for a month long furlough. We have a grandbaby due to be born and feel the need to be present for such a joyous occasion. Also, Brenda's Mom will be turning 80 this October and we hope to be there to help her celebrate this milestone!

Baby announcement

Your prayers and support are so appreciated for us and the ministry here in Romania.

In Christ Service!
